Sherlock the Remarkable Cat Series Books

Based on the author's real cat who was adopted from the Humboldt & District SPCA after they fostered for the holidays. Sherlock proved to be a unique cat who not only could not meow, but took a preference to the family over cats and “talks” in an unusual way with his trilling sounds. Sherlock is very much like a toddler in the Caswell home, often seen following his “mom” around the house and asking to be carried. He quickly adopted the Caswell's as his “cat” family, treating the author's daughter like another kitten and greets them at the door when they come home. Join Sherlock as he shares his unique personality with you in his own tale! The books are not about detectives and they are nothing like Sherlock Holmes (though he was named after him).

Bk # 1: Sherlock, the Cat Who Couldn't Meow	S1 - Sherlock seems like your average cat. He loves to play, he purrs and loves to chase after things, so why can't he meow? One day as Sherlock leaves his job at the bakery for lunch, he gets the opportunity to talk to the sweet angel of a cat that he meets in the park. Her name is Luna. Will she find out his secret? Will she like a cat who can't meow or will she laugh at him? Sherlock's best friends Kato and Charlie tell him that he has nothing to worry about but with his rival Chauncy and the bully Bruto, does he really stand a chance? Find out in this all new chapter book as you follow a day in the life of Sherlock. See some of your favorite Freckles the Bunny Series characters and find out if Sherlock can overcome his embarrassment of being different. 73 written pages in this chapter book. 5.06 x 7.81" size. \$12.00 CAD/USD
